\*sizes are nominal

Size HxW	Weight	Thickness
24" x 24"	8.8 lbs	0.173"
24" x 36"	13.2 lbs	0.173"
24" x 48"	17.6 lbs	0.173"
24" x 60"	22 lbs	0.173"
24" x 72"	26.4 lbs	0.173"

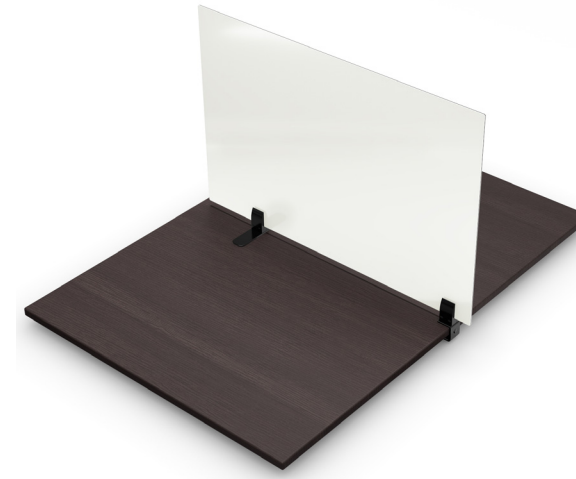

Shield's adjustable mounts can fit on almost any flat tabletop between 1.25" and 0.25" thick. All four mount styles come with every Shield panel, so you can customize each installation onsite. And if your spaces change, Shield can be reconfigured any time.

**Setup A** supports screen installation with a zero-space gap. Assemble bracket with the screen grip section attaching to the exterior side of the adjustable table top clamp.

**Setup B** supports screen installation with space gap (5/8") above worksurface. Assemble bracket with the screen grip section attaching to the top side of the adjustable table top clamp.

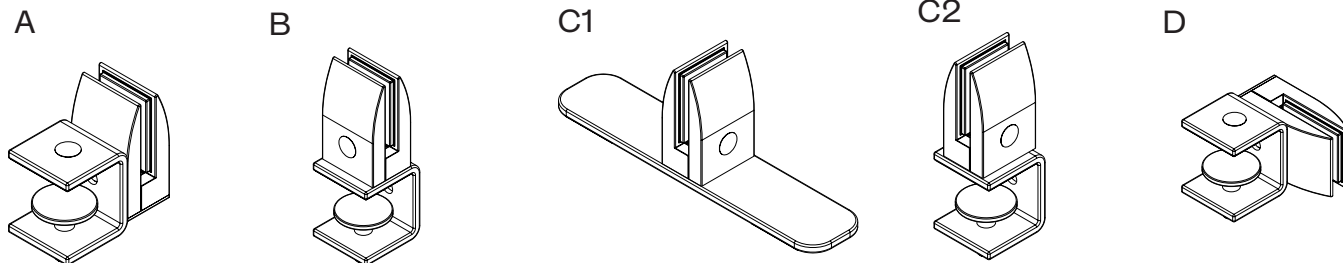

**Setup C** supports screen installation with space gap (5/8") above worksurface and requires multiple bracket types. Assemble edge bracket with the screen grip section attaching to the top side of the adjustable table top clamp. Screen grip pieces and table top plate are positioned to support screen direction.

**Setup D** supports divider screen installation with benefit of a modesty panel. Rotate screen clamp 90° prior to attachment. Then assemble bracket with the screen grip section attaching to the exterior side of the adjustable table top clamp. *Note: Available in 18" x 24", 18" x 36", 24" x 24", 24" x 36" sizes.*
